Terms and Conditions

These Terms and Conditions govern the contractual relationship between Cathay Pacific Airways Ltd ("Cathay"), Hong Kong Dragon Airlines Ltd ("Dragonair") and members ("company") of the Preferred Account Programme (PAP).

Eligibility

The Preferred Account Programme (PAP) is a 12-month programme effective from the date of written confirmation of the company's PAP membership. The company's PAP membership is subject to annual renewal dependent on the satisfactory fulfillment of the company's annual spending targets on Cathay and Dragonair flights during the 12-month period of the programme provided that all renewals are at the sole discretion of Cathay and Dragonair.

To be eligible for PAP membership, your company must meet the following minimum requirements:

- Your company must be officially registered in Hong Kong, Macau or Guangdong Province.
- Your company must appoint no more than 3 BSP travel agents in Hong Kong, Macau or Guangdong Province (under the Billing Settlement Plan) to handle and record the issuance of tickets.
- The company representative joining this PAP on behalf of the company must be in a managerial position or above and an authorized representative of the company.

Except in the case of renewals, only ONE PAP application will be accepted from each company and the company shall ensure that no PAP applications have been previously submitted by other representatives of the company to Cathay or Dragonair.

If your company belongs to a group of companies, please check with the other companies in your group before enrolling in the PAP, as any travel spending that has been credited towards any other of your group company's corporate travel arrangements (including PAP) with Cathay or Dragonair will not be counted towards another PAP account.

In the event the company's PAP membership co-exists with another Cathay or Dragonair corporate travel programme, the special conditions in relation to the counting of travel spending set forth in Annex A shall apply and such special conditions shall be read in conjunction with these terms and conditions. In the event of discrepancy between the special conditions and the terms and conditions herein, the special conditions shall prevail.

Membership in the PAP is at the sole discretion of Cathay and Dragonair who may refuse membership to any applicant or any designated representative of a member.

Spending Targets

Minimum annual travel spending on Cathay and Dragonair is HK\$800,000 for Level 1, HK\$1,000,000 for Level 2 and HK\$1,300,000 for Level 3.

If a company exceeds the spending target at its respective level for a particular quarter, it will be automatically upgraded. For example, if your company is enrolled at Level 1, but achieves a spending in excess of HK\$325,000 in a contract quarter, it will be upgraded to Level 3 for that quarter. The same conditions apply for downgrades. If your company is enrolled at Level 3 but only reaches a spending of HK\$200,000 in a quarter, it will be downgraded to Level 1 and receive the corresponding benefit levels for that quarter. No quarterly benefits will be offered if a company fails to meet the minimum quarterly target of HK\$200,000.

The year-end benefit will only be awarded if the spending target corresponding to the level declared and assigned at the beginning of the 12-month programme is reached. Programme renewal will be offered at the highest target spending level that a company's most recent total annual spending is able to reach. A minimum spending of HK\$800,000 must be achieved in order to qualify for PAP renewal.

All travel spending counting towards the thresholds under the PAP will be based on the aggregate of Cathay and Dragonair's actual

net flown revenue from all normal published fares, market or promotional Economy Class fares, group fares, First and Business Class restricted fares and special Round-The-World fares. "Net flown revenue" is the revenue generated from airline tickets or coupons received by Cathay and Dragonair, after deducting all applicable agency commissions, credit card commissions, surcharges, taxes, endorsements to other airlines and joint venture flight revenue.

In order for the company's travel spending on Cathay Pacific and/or Dragonair to be credited towards the spending target of the PAP, a ticket must be:

- issued in Hong Kong, Macau or Guangdong Province on Cathay or Dragonair ticket stock
- marked with a valid BCODE identifier corresponding to the company to which it is assigned
- issued for travel on flights operated by Cathay or Dragonair

Benefits

Specific terms and conditions apply to the use of Business Cards, Lounge Invitations, Upgrade Vouchers and Discount Vouchers in relation to the PAP as set out in the applicable Business Cards, Lounge Invitations, Upgrade Vouchers and Discount Vouchers and the Benefits User Guide or as otherwise advised in writing by Cathay and/or Dragonair from time to time.

All upgrade benefits are subject to space availability on requested flights. Normal Upgrade Vouchers are valid on all flights operated by Cathay or Dragonair departing from Hong Kong.

Restricted Upgrade Vouchers are limited to short-haul flights operated by Cathay or Dragonair departing from Hong Kong to the following destinations:

North East Asia	All destinations in China, Japan, Korea and Taiwan
South East Asia	All destinations in Cambodia, Indonesia, Malaysia, The Philippines, Singapore, Sri Lanka, Thailand and Vietnam
Others	All destinations in Bangladesh, India and Nepal

Termination and Alteration

Cathay Pacific and Dragonair may:

- amend these terms and conditions of the PAP and any related offers at any time; and
- terminate a company's PAP membership at any time with at least 30 days advance notice to the member/company

These Terms and Conditions may be translated into Chinese. In the event of inconsistency or discrepancy between the English version and the Chinese version of these Terms and Conditions, the English language version shall prevail.
