

## Invitation: Networking reception with Team Australia

Australian Trade Commission, Defence Materiel Organisation and Australian Aerospace Industry Forum warmly invite the Executive Committee & members of the Association Aerospace Industry Singapore (AAIS) to network with the best from Team Australia @ Singapore Airshow 2008

Team Australia @ Singapore Airshow will be the largest contingent of Australian companies to date and will host more than 35 established aerospace & defence-related organisations.

On the back of successful Joint Strike Fighter supply contracts and civil aerospace projects, Australian companies are finding they are very competitive in the global market.

Want to network with some of the best from Australia ? Make sure you have the 21 February @ 3.30 pm on your radar screens. This is an opportunity not to be missed and a good introduction and lead up to the inward Austrade-AAIS mission to Australia in April 2008.

On hand to warmly welcome AAIS members to our reception will be

- \* Terry Whelan, Head - Defence Exports Unit & Team Australia delegation leader
- \* Ian Honnery, Chair – Australian Aerospace Industry Forum
- \* Cheryl Stanilewicz, Trade Commissioner – Australian Trade Commission

This event would not be possible without the support of the Defence Materiel Organisation; Australian Aerospace Industry Forum; Federal Department of Innovation, Industry, Science & Research; New South Wales Department of State & Regional Development and Victorian Department of Innovation, Industry & Regional Development.
