Conference: "Foundation for a Sustainable Future - CLK2030 ... Our Sky Our Say"

Airport Authority Hong Kong (AAHK) has released its 20-year development blueprint for Hong Kong International Airport to solicit feedback from stakeholders and the public on the airport's future development direction. HKIA Master Plan 2030 (Master Plan 2030) outlines two development options for public consultation. The first option is for maintaining the existing two-runway system, which would help meet Hong Kong's aviation demand in the medium term only. The second option is to build a new runway to increase capacity, which would enable HKIA to meet the city's air traffic demand up to and possibly beyond 2030. Under the two-runway system, Hong Kong International Airport (HKIA) can meet air traffic demand until approximately 2020, beyond which no additional flights could be added.

The Chartered Institute of Logistics & Transport in Hong Kong (CILTHK), the Hong Kong Association of Freight Forwarding and Logistics (HAFFA), the Hong Kong Shippers' Council (HKSC) and all supporting organizations including the Carrier Liaison Group (CLG), the Chinese Manufacturers' Association of Hong Kong (CMA), the Federation of Hong Kong Industries (FHKI), the Hong Kong Aviation Industry Association (HKAIA), the Hong Kong Institute of Engineers - Manufacturing and Industrial Division (HKIE-MI), the Hong Kong Logistics Association (HKLA), the Hong Kong Logistics Management Staff Association (HKLMSA), the Hong Kong Productivity Council (HKPC) and the Institution of Purchasing & Supply of Hong Kong (IPSHK) are jointly organizing a conference "Foundation for a Sustainable Future - CLK2030 ... Our Sky Our Say" to discuss sustainable aviation development of Hong Kong. In addition, Center of Cyber Logistics, CUHK has been commissioned to conduct an opinion survey (<http://www.ccl.baf.cuhk.edu.hk/>) with all participating organizations and the findings will be released in the conference.

Date : Saturday, 6 August 2011 (**Free of charge**)

Time : 9:30 a.m. – 1:00 p.m.

Venue : 4/F, Exhibition Hall, HK Productivity Council Building, 78 Tat Chee Avenue, Kowloon Tong
